

PARKING AT THE SEATTLE AIRPORT MARRIOTT FOR THE 2026 WASSAR CONFERENCE

April 24-25, 2026

The Seattle Airport Marriott charges for parking. Self-parking is in a fenced lot on hotel property with entry and exit through an automated gate near the front of the hotel. There is 24-hour security at the parking lot. There are two parking rates:

- **For guests staying overnight**, the charge is \$30 plus tax/fees per night.
 - Your entire parking is covered from check-in to check-out.
 - The desk clerk will code your room key card when you check in. You can exit and re-enter the parking lot using the automatic gate as often as you wish throughout your stay with no additional charge.
 - The parking charge will be added to your bill for payment at check-out.
 - Tax/fees are approximately \$6 per night.

- **For guests not staying overnight but attending Conference activities during the day and evening**, the charge is \$16 plus tax/fees per day which is good from the time you enter the gate until the time you exit it.
 - When you arrive each day, bring your ticket dispensed from the automated gate to our Conference Registration Table and request a parking discount sticker to get the \$16 rate. Then affix that sticker to your parking ticket and use it when you exit the automated gate using a credit card to pay.
 - There is no exit and re-entry with this single-day ticket. If you decide to leave and then return on the same day, the gate will charge you for each re-entry. Thus, it's in your best interests to plan on staying for the entire day and evening until the last event is over.
 - Tax/fees are approximately \$5 per day.
